Western Dakota Tech	\$8,930	\$900		\$13,500	\$23,330

NOTE: If you are interested in the costs of schools not listed here, visit the websites of those schools or contact them directly.

These 2022-2023 estimates are for dependent students who are South Dakota residents, and are subject to change. It is important that you contact the school(s) you are interested in attending to determine what your actual costs will be. Also keep in mind that schools may have varying amounts of financial aid to assist with school costs.

1. Tuition is based on 15 credit hours per semester for a standard academic year unless otherwise noted. This cost may vary based on the number of hours for which you enroll. Fees are based on standard fees. There may be additional fees for certain programs of study.
2. Books and supplies may vary based on your program of study. Certain programs may have higher costs.

3. This assumes double occupancy using the most comprehensive meal plan.

4. This is an estimate of the cost of room and board to live in the community in which the school is located.

5. If the school has on-campus housing, the Totals column includes the on-campus costs. If there is no on-campus housing, the Totals column includes off-campus costs.

NOTE: Don't forget your other miscellaneous costs. The tuition, fees, room and board costs listed above are not your total cost to attend a college, technical institute, or other higher education training. Remember that you will have expenses for transportation, clothing, personal supplies, and other living expenses. These may vary depending on many factors such as personal spending habits, the distance your school is from your home, special needs, etc.
